PART 1. -- GENERAL

PART 2. -- PERSONNEL

201. TECHNICIAN VACANCIES.--The following vacancies are announced in the Montana Army National Guard. Refer to Technician Vacancy Announcement posted on unit bulletin boards for details.

<u>POSITION</u>	<u>LOCATION</u>	<u>GRADE</u>
Administrative Supply Tech	Libby MT	GS-07
Clerk Typist	Helena MT	GS-04

202. ANNOUNCEMENT OF MONTANA ARNG TECHNICIAN ASSIGNMENTS.--The following technician assignments are announced in the Montana Army National Guard for the month of June.

<u>POSITION</u>	<u>LOCATION</u>	<u>GRADE</u>
ENSIGN, SHARRON L. Administrative Supply Tech	Missoula MT	GS-05
BROWN, JON J. Administrative Supply Tech	Billings MT	GS-05
READ, RAYMOND K. Command Administrative Asst	Missoula MT	GS-10
MAUER, JACK S. Aircraft Mechanic	Helena MT	WG-11
MCENANEY, MAURICE F. Supply Store Manager	Helena MT	GS-06
NATHE, DAVID M. Aircraft Pilot Supv	Helena MT	GS-12

203. REVISED AFWST STANDARD.--a. The minimum Armed Forces Womens Selection Test (AFWST) percentile score required for women enlisting in the ARNG is changed from 59 to 50.

b. The requirement of attaining at least two aptitude area scores of 90 remains unchanged.

c. Women previously disqualified from enlisting because of their AFWST score and who are now qualified under the revised standard may be enlisted if the test was taken after 17 June 1976 repeat 17 June 1976.

d. Cite this message as authority pending formal change to NGR 600-200.

204. ASSIGNMENT OF FORMER PEACE CORP MEMBERS TO THE INTELLIGENCE CAREER FIELD.--a. Current policy imposes restraints on the classification of former Peace Corp members into the intelligence career field. DOD policy is set forth in ASD (Manpower) memorandum "Policy concerning the military assignment of former members of the Peace Corps", dated 26 March 1965. It stipulates that: (1) Enlisted personnel who are former members of the Peace Corp will not be assigned to duty in the Military Intelligence Field.

(2) Officers who are former Peace Corps members may not be assigned to duty in a Military Intelligence Field until 4 years after Peace Corp Service; nor will such officers be assigned in an intelligence capacity in any foreign country in which they previously served as Peace Corp members.

b. Please review the records of people assigned to the intelligence career fields to determine whether any have been in the Peace Corps. If they are NCO's, they must be reassigned to another career field; if an officer, the person must have been out of the Peace Corps for at least 4 years or be reassigned prior to assigning anyone to the intelligence career field; please review their personal history to make certain that the assignment does not conflict with the policy stated above.

PART 3. -- OPERATIONS AND TRAINING

PART 4. -- SUPPLY

401. RESTRICTED USE AND CONTROL OF SLEEPING BAGS.--a. Requisitions for sleeping bags are being released as funding will permit and based on priorities established by OTAG.

b. You are reminded that paragraph 340d, SOP USPFO, provides that sleeping bags will be retained in supply room at all times except when issued on temporary hand receipt (DA Form 3122) for use during authorized training only.

c. Because of high cleaning cost, sanitation and other considerations, certain common sense rules should be applied to the control and use of sleeping bags as follows:

(1) Bags will be maintained in the supply room except for actual periods of authorized training.

(2) Bags will be earmarked for an individual by name and tagged to so identify the individual.

(3) Experience has shown that bags require cleaning but infrequently if properly cared for. After prolonged use, such as at AT, bags should be opened and aired out in the sun for several hours. This should be a supervised procedure with no exceptions.

d. The bags are expensive and are sensitive to abuse. It is a command responsibility to insure that our equipment is used and maintained in the proper manner. USPFO Examiners have been directed to

include the control and use of sleeping bags as a point of interest during their scheduled examinations.

PART 5. -- FISCAL AND TRANSPORTATION

PART 6. -- MAINTENANCE

601. THE ARMY MAINTENANCE MANAGEMENT SYSTEM (TAMMS), TM 38-750, MAY 1978, WITH CHANGE 1 DATED 31 MAY 1978.--a. References:

(1) Paragraph 601, TAG Bulletin Volume 20 Number 12, dated 15 June 1978.

(2) Message NGB 231320Z Jun 78.

b. Reference a(2) above rescinds paragraph 601 TAG Bulletin VOL. 20 No. 12, 15 Jun 78.

c. The new effective date of TM 38-750 May 78 is 15 August 1978.

PART 7. -- SAFETY

PART 8. -- FACILITIES AND SECURITY

801. USE OF UN-LEADED FUEL IN LAWN MOWERS.--Un-leaded fuel should not be used in the lawnmowers at Armories. There have been several instances reported to the Facilities Office where the engines have been severely damaged from burning un-leaded fuel, since it does not properly lubricate the engines.

802. WORK REQUESTS.--For the Fiscal Year 1 July 1977 thru 30 June 1978, the Facilities Office has received 359 Work Requests. Of this number, 353 have been approved, 247 have been completed, and 6 are pending.

Armory Facilities	202
Maintenance Facilities & Others	157
	<u>359</u> TOTAL

Below is a list of Work Requests submitted during the Quarter ending 30 June 1978.
